Large quantities
now available

In corona times it is important to take responsibility for others and oneself.
As an established producer of innovative head protection systems for people,
we are presenting a face shield of the highest quality.

This face shield protects people and all types of professional groups such as ***medical staff, healthcare workers, taxi drivers, bus drivers, retailers, factory and construction workers etc.***

ULBRICHTS

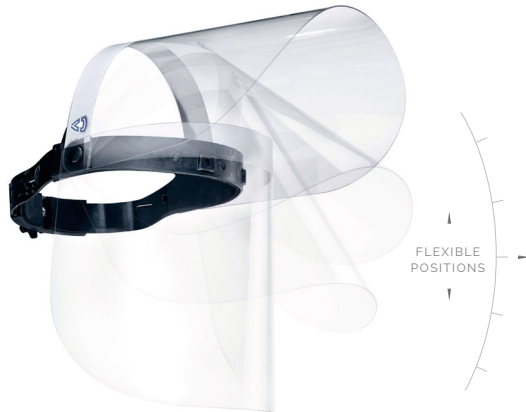

PROTECTION

Intelligent protection.

Our face shield is a robust and reusable everyday partner.

Its size and visor angle can be adjusted without having to take it off. At the same time, you increase protection against droplet infection for you and others, without losing your face.

FLEXIBLE VISOR.

Variably adjustable visor positions with a firm hold for greater freedom of movement.

ONE SIZE.

Adapt quickly and easily to any head size using flexible turning knob.

SPACIOUS.

Ample interior space for glasses and face masks.

COMFORTABLE TO WEAR.

Soft cushioning for lasting wearing comfort for everyday use.

PRACTICAL AND ROBUST.

Top materials and finish for high durability (disinfection, multiple uses etc.)

YOUR DESIGN.

An individual design forges an identity and a "positive impression" for the user and their surroundings.
